UNION STOCKYARDS, INDIANAPOLIS, Nov. 28.-Cattle-Receipts, 850; shipments, 200. The marketing of cattle thus far this week buyers in the field, and, with increased the start offerings were changing hands promptly. Occasionally salesmen quoted a little better prices than those current last Wednesday, but, as a rule, there was not much advance reported from that time. Compared with a week ago the price for all fat stock was generally admitted to be fully 25c higher, and occasionally a gain of 35c was claimed. It is evident the market, from the seller's point of view, is more satisfactory than it has been for some time past. The demand for stockers and feeders was not really urgent, but equal to the supply, and at least steady prices were realized. The trading 5.90; stags, \$4.50@5. was reasonably active all day, and there were very few cattle remaining unsold at the close of the trading. Quotations:

1..... 240 5.00 Hogs-Receipts, 6,000; shipments, 2,500. For the week thus far the receipts of hogs show a decrease of almost 14,000 compared with the with the corresponding time a year ago. The receipts to-day were nearly 2,000 smaller than a week ago and a year ago. The quality generally was very satisfactory, and occasionally the offerings were better than have been represented here for some time past. There were quite a number of hogs in the heavy line. The market opened with rather an active demand from shippers, and salesmen were, of course, holding their consignments higher. The local packers were not inclined to follow any adrance, but good competition developed between other buyers, and sales from the start were on a higher level than last Wednesday. Nearly all dealers finally engaged in buying, the trade was quite active and, as usual under the innce of strong competition, prices were irregular. In a general way most dealers admitted that the market was fully 5c higher than the average last Wednesday, while in not a few cases heavy hogs were reported 10c high-er. A few were certain that they got 15c more cases, and sales of hogs averaging around 150 lbs were not a great deal higher. The last arrivals sold usually at the advance n price and the market closed steady on that basis. The extreme range in sales was from at \$676.35, although there were several loads sold at \$6.40. Sheep-Receipts, 200; shipments small. The receipts of sheep and lambs thus far this week ndicate a decrease of over 900 compared with the same time last week and over 800 compared with the corresponding time a year ago. The receipts to-day were only rout one-third as arge as a week ago and about the same as a There were hardly enough to estabyear ago. There were hardly enough to estabnough to encourage competition from all buy-The demand from local buyers was large enough to exhaust the supply, and all sold on the basis of prices current last Wednesday. There were no lambs here good enough to bring over \$5, and other sales ranged from \$3.50 to \$4.75. The highest price received for sheep was \$5.50, and other sales ranged from \$2.50 to \$3.25.

RISE IN STOCK PRICES. A Few Points of Individual Strength

Help the Upward Movement-Poor

Bank Statement Is Expected.

NEW YORK, Nov. 28.-Prices of stocks closed to-day considerably higher than on Wednesday, in spite of some rather unfavorable developments and the continuance of some apprehension over money conditions. The advances were attributed to some extent to the demand from the short interest to cover. Inducements to do this were offered by the bidding up of prices by the element among the traders which set out to make a campaign against

the bears. The short interest was known to

have been accumulating contracts for some

To-day's trading, nevertheless, was dull, as shown by the total transactions, which did not exceed half a million shares. The attendance at the board was small, many day evening to stay over the end of the week. It was regarded as a favorable inci-Common to medium sheep...... 2.25@3.00 part of either side to the controversy for control of Colorado Fuel. The most notable demonstration of the day was in Louisville & Nashville, which was lifted nearly seven points, carrying with it Southern Railway and Illinois Central in sympathy. The movement was unexplained except on the ground of comparisons contained in a recent circular of the investment of Louisville, as compared with other dividend-paying stocks. The movement

> up over five points. Vague rumors of a deal accompanied the rise in Hocking Val-cal tractions. Brooklyn Transit led the idvance. Manhattan was very active, but fluctuated narrowly and showed the effect of realizing. Rumors were again circulated of a combination of all the local transit facilities, and a share in their control in the interest of Pennsylvania and New York Central. The strength of St. Paul was due to the expectation that the directors would act on the authority to issue new stock at to-day's meeting. The stock ran off on the adjournment of the meeting without action. The various centers of strength helped the general advance in the market, which reached a point or more in a long list of stocks. The market receded when the call money rate advanced to 5 per cent. in the late dealings, but rallied again and closed steady under the influence of a

spurt in Sugar. The preliminary estimates foreshadowed poor bank return to-morrow. These estimates extend only to Wednesday evening, owing to the holiday. Up to that time the banks had lost to the subtreasury \$3,-433,000, including deposits for transfer to the interior. To-day there was deposited. n addition, \$500,000 for transfer to San Francisco, and \$100,000 for transfer to Chicago. The subtreasury also had a credit balance at the clearing house this morning as the result of accumulated collections over the holiday. The interior movement of currency by express was small both ways, and the receipts here on balance amounted to less than \$100,000. New York exchange at Chicago also recovered to- National Biscuit day to 20 cents discount. Sterling exchange | National Biscuit pref .. continued firm, but the retention of the 4 per cent. discount rate by the Bank of

England had a favorable effect. Bonds were dull and irregular. Total sales, at par value, were \$1,415,000. United States threes, registered, declined 1/4 per cent. on the last call. Following are the day's share sales and the recorded price changes: High- Low- Closing

EARLY STRENGTH DISSIPATED BY THE HEAVY LIQUIDATION.

Corn Shows a Good Fractional Advance in All Options-Oats Are Unchanged and Provisions Higher.

CHICAGO, Nov. 28.-There was a fair trade in wheat to-day, but after an early advance there was a reaction, and the close was weak, December being %@\c2c lower and May 46%c lower. Corn closed 1/2c higher with oats unchanged. January provisions closed from 5@71/2c to 121/2c higher.

Heavy buying of May wheat during the first part of the session by the leading long and later realizing on earlier purchases by the same interest were the features in the wheat pit. Good weather in the Northwest, with heavy receipts, together with lower cables, induced free selling during the first hour, but offerings were well taken, a prominent long adding considerable to his already heavy line. Other traders followed the lead, causing an advance in prices, but later, on realizing. there was a sudden drop and the close was near the bottom. December opened a shade to 46%c lower, at 74%@74%c, advanced to 75%c, dropped back again to 74%c, Quotations on Stocks and Bondsclosing %@1/2c down, at 741/2c. May closed 140%c lower, at 76%c, after ranging between 764c and 774@77%c. Clearances Wednesday until Monday. The official quotations of wheat and flour were equal to 295,000 bu. Primary receipts were 2,129,000 bu, compared with 1,922,000 bu a year ago. Minneapolis and Duluth reported receipts for the two days of 2,066 cars, which, with local receipts of 109 cars-four of contract grademade a total of 2,175 cars, against 904 cars last week and 1,643 cars a year ago. Corn ruled strong the first part of the session, influenced by higher cables, smaller receipts and small Argentine shipments, but the weakness in wheat affected this market later, causing a considerable decline, and closed with a slight gain. December was erratic, opening 1/4@1/2c higher, at 54%/@56, and on covering by shorts ad-

vanced to 56%c. Longs took profits at the advance and the market dropped back to 54c. May closed a shade higher at 42%c, after ranging between 42%c and 43%c. Receipts were 185 cars, seven of contract grade Oats were quiet and featureless, with prices steady, the close on both December and May being unchanged. A good cash demand, together with early strength in other grains, were bull factors. December ranged between 31%c and 31%@31%c, closing at 31%@31%c. May sold between 32%c and 32%c and closed at 32%c. Re-

ceipts were 175 cars. Provisions were strong, the small receipts of hogs at the yards being the bull factor. Shorts were uneasy over the outlook and covered freely. At the same time there was increased buying for the long acgood, with the near-by futures advancing sharply. January pork closed 124c higher, at \$15.85, lard 10c higher at \$9.55 and ribs 5@71/2c higher at \$8.20.

Estimated receipts for to-morrow: Wheat, 85 cars; corn, 380 cars; oats, 200 cars; hogs, Leading futures ranged as follows:

BOSTON, Nov. 28.-The Commercial Bulletin will say in to-morrow's report on the wool trade of the United States: The advance of 5 per cent. on merinos and 10 to 20 per cent. on crossbreds at the London auction sales, which opened last Tuesday, has given increased confidence to American operators. Holders of all kinds of American operators. Holders of all kinds of wool are firm and further advance in values is a certainty. The demand is steady and healthy. There has been no speculation of late, but it is believed that the steady upward tendency abroad may lead to speculative operations, but members of the trade as a rule are very conservative. The smash of the Yorkshire wool
"trust" in England was discounted months
ago and has had no effect upon the
steady advance caused by the world's short supply of wool. The receipts of wool in Boston since Jan. 1, 1962, have been 296,140,437 lbs, against 246,822,614 lbs for the same period in 901. The Boston shipments to date are 260,344,530 lbs, against shipments of 239,455,942 lbs for the same period in 1901. The stock on hand in Boston Jan. 1, 1902, was 77,340,463 lbs; the total stock to-day is 113,136,361 lbs. The stock on hand Nov. 30, 1901, was 83,344,697 lbs. ST. VORWAERTZ HITS BACK.

Accuses the German Emperor of Attempting to Sway a Court. BERLIN, Nov. 28 .- The Vorwaertz, commenting on Emperor William's speech on

the day of the funeral of Herr Krupp at Essen, says: "While prosecution is still pending against us, and the truth is not yet judicially ascertained, the Emperor anticipates the court's findings by pronouncing our guilt out of hand. Is it allowed that the crown at the initiatory stage of a pending case utter a verdict and thereby place the judges in the painful dilemma of either contradicting his Majesty or subjecting themselves to the suspicion that their judgment was influenced by him? Justice stands above everybody, even above the Emperor, and the freedom of the courts is the life and nerve of every state." The paper adds: "The monarchy is constitutionally irre-sponsible. An adequate answer to the Emperor's speech is prevented through the lese majesty paragraph." The Vorwaertz, in two columns, reaffirms in moderate language the truth of its original charges against the late Herr Krupp, and alleges that the evidence rests on the testimony of persons quite above party

Turks Accused of Atrocities in Macedonia-Peasants in Despair.

LONDON, Nov. 28.-Mail advices received here from Constantinople, under date of Nov. 24, say: "In spite of all official denials the Forte is adopting barbarious methods in crushing the Macedonian peasants. The winter has set in and the danger from revolutionary bands is over, yet the Turkish authorities seem to think the time has come to act. In the face of promises of free pardon to those who returned to their homes, Christian villagers have been shockingly tortured to make them betray alleged concealed depots of arms or give information regarding the arms or give information regarding the working of the Macedonian committees. The bastinado has been frequently employed until the victims were crippled for life, their feet being beaten to a pulp by Turkish soldiers. Peasants also were hung by their heels to the ceiling and hot eggs were put in this armpits. Even priests were not spared, while the troops openly plundered the peasants, who are being driven to despair,"
